DETAILED ACTION

Allowable Subject Matter

Claims 17-25, 29, 30, 35-38 and 42 are allowed.

The following is an examiner's statement of reasons for allowance:

Claims 17, 19, and 23 recite the method of establishing three related websites.

Each website has a specific second-level domain name. Part of each domain name must have a common element and a product identifier. The product, which is identified at each website, must be offered for sale at that website. There are 6 direct links created to link the three websites together.

There are several website networks that are similar, but fail to show or teach the full combination being claimed. One example is www.sonyclassical.com and www.sonymusic.com. This pair meets the domain naming requirements, but lacks a third site and reciprocal direct links. The examiner believes that it would be hind-sighted and has no teaching to suggest that it would have been obvious to create a website like www.sonyrock.com and to create direct links to and from all of the websites.

Another similar example is the www.fox.com network, which includes foxmovies, foxtv, foxsports and foxnews. However, while there are some links between some of the sites, the normal connection between the websites is through foxnetwork. This teaches away from the direct linking of all members of the network.

The "GO" network meets the direct linking requirement, but lack in the domain name labeling criteria. The Wolf patent (US 6,247,047) uses sub-directories under on

domain name to "link" from one product area to another. It is not a direct link to another website. Amazon.com and Gap.com are websites set up in this manner.

Cited foreign reference Bae was the closest foreign reference available. It has little relevance.

Claims 18, 20-22, 24-25, 29, 30, 35-38 and 42 are dependent upon claims 17, 19 and 23.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
